Newfoundlanders Seek U.K. Appeal

Responsible Government Petition Is Planned

LONDON, Nov. 16.—(CP)—Members of the Newfoundland delegation today said they formally signed a petition to the British parliament for responsible government in Newfoundland.

The delegation members, representing the Responsible Government Association, expect the petition to be presented to the House of Commons next week by Sir Alan Herbert, independent member for Oxford University.

In a speech in Ottawa, a plenary session of the Newfoundland delegation and the Canadian cabinet committee is scheduled for 1 p.m. Monday next, and sources in touch with the union negotiations said it might be the decisive move.

The petition asks immediate restoration of responsible government in Newfoundland, and is to be undertaken or concluded for the union of Newfoundland with Canada, and by representatives of a duly elected government of the people of Newfoundland.

The delegation would like to see the appointment by parliament of a select committee to examine the matter.

MAKE TWO POINTS In talks with members of parliament and the union delegation emphasized two points: (1) that the responsible government would not mean that the federal government would be asked to take over the Newfoundland federal labor but to break the Canadian federal labor.

FISH STORIES PIKER STUFF

PETERBOROUGH, Ont., Nov. 16.—(CP)—A rabbit story that outdoes most of the fish stories told in this eastern Ontario hunting district.

Seven hunters, returned from a day's work in the woods, told of how, aware they were, they had seen a rabbit, but the bunnies two dogs took up the chase with the hunters.

Constable Dennis Traynor, of Peterborough, said he had seen a rabbit, but the bunnies two dogs took up the chase with the hunters.

Howe Seeking to Sell War Supplies to U.S.

WASHINGTON, Nov. 16.—(CP)—Rt. Hon. C. D. Howe, Canadian trade minister, said today he will confer this week with James Forrestal, United States defense secretary, on "procurement of military supplies." Howe arrived here today from Ottawa.

"Independence of the military supplies of Canada and the United States makes an exchange of views useful at this time," the Canadian minister said in a statement.

Howe did not elaborate on the nature of his proposed talks with Forrestal except to point out that Canada's munitions program is dependent on the United States for a number of finished products and that the United States depends on Canada for "supplies, including metals."

"Canada is particularly interested in obtaining a number of specific items of United States equipment," he said.

His statement was interpreted at cabinet confirmation of recent U.S. war reports that he would explore the possibilities of obtaining large-scale United States supplies for Canadian military equipment.

Howe was accompanied by M. W. Mackenzie, deputy trade minister, who will confer with Arthur Hill, chairman of the United States National Resources Board, and officials of the United States Munitions Board.

Previously, the council rejected a Russian proposal calling for immediate establishment of a formal peace.

The resolution adopted was supported by Canada, the United States, Britain, France, and the Soviet Union.

The council rejected a Russian proposal to amend the resolution to widen a Soviet withdrawal order to include the Galties front in northern Palestine. Only Syria, China and the Soviet Union voted against it.

The remaining eight members abstained.

Under the council order, Arab and Jews should negotiate directly, through the United Nations, the settlement of the Palestine problem.

"(a) The delineation of permanent armistice demarcation lines based upon the actual forces of the respective parties shall not be made."

"(b) Such withdrawal and reduction of their armed forces as will insure the maintenance of the armistice during the transition to permanent peace in Palestine."

TRAM FARES ARE HIGHER IN WINNIPEG

WINNIPEG, Nov. 16.—(CP)—Children of greater Winnipeg began paying more for their street car rides yesterday, the result of an increase in fares the first change for 17 years—granted by the City Council.

Tickets for adults still cost 15 cents for two, but the permit cost 25 cents weekly and entitled its holder to a five-cent fare has been abolished. A monthly pass, costing 85 cents, now costs \$7.50.

School children 13 years of age or more must present student cards to ride for children's fares—10 for 25 cents—between 8 a.m. and 5 p.m. on school days. Children under 13 can ride on children's fares at all times.

UK. Merchant Tells Of Demand for Bribe

LONDON, Nov. 16.—(CP)—Francis Cecil Price, examined director of a London department store, was cross-examined today before a tribunal probing alleged corruption in the British government.

Price, who went to the police with the allegations that he had been asked to pay £10,000 for a licence to buy armaments, was cross-examined by counsel for Sidney Stanley.

Stanley, an ally said to use five figures, is alleged to be the key figure in the charges. He is alleged to have occupied a luxury flat where business men and government ministers were brought to deal with the charges.

Price said he was told he could get a licence for importing armaments and park equipment if he paid Stanley £10,000, Stanley would act as "go-between" with government departments. Price said he got information from Alfred Bicker, a London solicitor.

Alfred Bicker, Sir Harley Shawcross told the tribunal yesterday that investigators have not yet found enough evidence to bring proceedings.

Wheat Crop Estimation Shows Gain

OTTAWA, Nov. 16.—(CP)—Canada's 1948 wheat harvest was placed at 399,300,000 bushels today by the bureau of statistics in its third and final estimate of the size of this year's grain, forage and root crops.

This compares with a harvest of 346,767,000 bushels in 1947 and 412,755,000 bushels in 1946. The second estimate of the 1948 harvest, made Sept. 14, placed it at 391,000,000 bushels while the first, made Aug. 17, showed it at 372,000,000.

The wheat total breaks down into 367,200,000 bushels of spring wheat, grown mainly on the prairie provinces, and 32,100,000 bushels of winter wheat, produced mostly in Ontario.

OATS CROP The 1948 crop of oats was placed at 357,700,000 bushels against 278,000,000 in 1947. Earlier production is set at 154,643,000 bushels, compared with 147,000,000 in 1946 and 147,000,000 in 1945.

Of the spring total, 134,675,000 bushels are far from growth and 54,725,000 bushels are in the early stages of growth. The output of flaxseed (linseed) is 17,353,000 bushels against 12,340,000 in 1947.

Wheat production on the prairies, with 1947 totals in brackets, follows: Manitoba, 57,000,000 (42,000,000); Saskatchewan, 121,000,000 (170,000,000); Alberta, 115,000,000 (108,000,000).

Output of other grains on the prairies follows with 1947 totals in brackets: Barley production is set at 154,643,000 bushels, compared with 147,000,000 in 1946 and 147,000,000 in 1945.

Power Vote Returns Still Doubtful

People of Alberta are almost evenly divided on the question of power-privatization ownership of power lines in the province.

Incomplete results of the power plebiscite held at the time of the provincial election in August this year showed 138,250 ballots cast for a continuation of the present private power company arrangements, and 137,036 for public ownership.

It has been generally acknowledged that public ownership of the province, but the incomplete returns show a somewhat different story.

Mobile Thief Gets Two-Wheeled Trailer

Thief with a mobile turn of mind stole a two-wheeled trailer from behind premises of William Miller at 9945 81 avenue between 10 and 11 Monday morning.

Among other crimes of a minor nature reported to police today were: theft of \$10 or \$15 in cash from a 24-hour store at Woodlawn high school; manly rifle stolen from the river bank cabin of Don Hamby at 140 street, and theft of an auto robe belonging to a woman of 1017 avenue. Robe was taken from a car parked at rear of 66 street and the Fort Road.

Premises of the Woodlawn Dairy, 95 street and 108 avenue, were broken through the night and milk cans and a pipe cutter stolen. The burglars, believed to be juveniles, tampered with a valve that put the freezing plant temporarily out of commission. Keys were also tampered with.

20 Applications For Low Cost Housing Here

Twenty applications have been received by Maxwell C. Dewar, city architect, from residents desiring to erect sub-standard dwellings in the Avonmore area.

City survey of the Avonmore sub-division has been completed, and allocation of the building lots will be made in the near future. Mr. Dewar stated.

These existing homes in the district will be required to sign leases which carry a clause limiting term of the land to three years. The land will be rented for \$20 monthly.

The sub-standard houses are being permitted in three areas to provide accommodation for residents while erecting permanent homes.

Police Drive Out Dangerous Drivers

Magistrate Hands Out Stiff Suspensions

Magistrate A. I. Miller Monday sharply indicated his intention of reducing the menace of dangerous and reckless driving.

The court cancelled drivers' licenses of two men for lengthy periods following conviction on charges of dangerous driving.

Peter Sytar, 11401 86 street, convicted of a dangerous driving charge for the sixth time in 1961 will forfeit the right to drive his car for a period of eight months. He also fined \$50.

Accused pleaded not guilty to the offence.

Police testimony was that Sytar's auto went through a stop sign, straddled the lane of 118 avenue and finally collided with another car.

Police Drive Out Dangerous Drivers

Magistrate Hands Out Stiff Suspensions

Magistrate A. I. Miller Monday sharply indicated his intention of reducing the menace of dangerous and reckless driving.

The court cancelled drivers' licenses of two men for lengthy periods following conviction on charges of dangerous driving.

Peter Sytar, 11401 86 street, convicted of a dangerous driving charge for the sixth time in 1961 will forfeit the right to drive his car for a period of eight months. He also fined \$50.

Accused pleaded not guilty to the offence.

Driver Not Responsible Inquest Jury Decides

Because evidence was "conflicting", a coroner's jury Monday found no contributing cause in the Gunn district car crash Nov. 2, that brought death to Miss Toby Zelmer.

Verdict at the inquest held in the Gunn district court was that Miss Zelmer, 38, came to her death from multiple skull fractures following a car accident on a road near One-way at 10 p.m. on Nov. 2 last.

Guilty is about 40 miles west and slightly north of Edmonton.

According to testimony of RCMP Constables A. Stewart and A. C. Penner and Cpl. T. B. Richards, the driver of the bank house was driving an old-model car when he struck Miss Zelmer.

At the time of the accident, Walenber is a cousin of the victim.

The car was on the road and tipped against a curb bank. Miss Zelmer's head was partly out of the car window, crushed against the bank when the vehicle stopped.

In a statement made to police, Walenber said Miss Zelmer had grabbed the steering wheel, forcing the car into the ditch. Walenber admitted he had been driving on the wrong side of the road just prior to the accident.

Unconscious after the crash, Miss Zelmer was rushed to hospital in Edmonton but was pronounced dead on arrival.

Dr. M. M. Cantor, acting chief provincial coroner, conducted the inquest.

Residents of Edmonton and Northern Alberta will be asked to subscribe \$12,000 for aid to British people, during the United Emergency Fund for British campaign which opens today.

Objective for the province is \$75,000.

Leat. Col. E. Brown, provincial government administrator of the "Veterans' Welfare" Commission, is chairman of the fund committee. Tom Richards is vice-chairman and W. Humdum, is secretary-treasurer.

Other members of the board named at an organization meeting Monday in Edmonton were: Ald. George Grieve, John Garrett, Frank King, O. L. McIntyre, W. C. Brown, J. Christiansen, H. C. Sprague, B. M. Moore, and J. H. Campbell.

Campaign headquarters are located at Waterloo Towers, 197 street and Jasper avenue.

Subscriptions to the fund may be made by mail to the fund, c/o Humdum, care of main branch, Royal Bank of Canada, Edmonton.

Magistrate A. I. Miller found accused guilty in spite of his claim that he had been driving on the wrong side of the road.

Cardinal contradicted himself in his own testimony. He was the owner of the card testified he had knowledge of him taking the car.

Cardinal, who arrived followed the theft of a gun's tropical, Oct. 100 street, has a long list of previous convictions for theft in High Prairie, Peace River and Edmonton.

Measures of Defence

Canadians are warned that this country's participation in the North Atlantic security alliance will cost them a lot of money and will probably lead to some form of compulsory military service.

The Canadian people must decide two things:

1. Whether these steps are essential to national security.

2. Whether national security is sufficiently threatened to justify the expenditure of huge sums of money and probably universal military training.

So far as the alliance itself is concerned, it seems to be reasonable to suppose that, since the outbreak of war would necessitate such an alliance for defensive purposes, efficiency and smooth operation could be assured by perfecting an alliance of this kind before and not after the beginning of hostilities.

But is Canada's security threatened? Is war likely?

Current opinion falls into two major shapes:

1. That Soviet Russia is bluffing and wants no war.

2. That the Soviet may strike at any moment.

War Between Two Generations

The resolution adopted by the annual convention of the Alberta School Teachers' Association infamously depicting the "misbehaviour and vandalism" of Edmonton children is just about the finest way of making children defiant and uncooperative.

In the first place, it is absurd to suppose that the delinquency or near-delinquency of a few young people could be remedied by the curative power of a resolution which has just about as much effect on a social condition as an onion poultice has on a chest cold.

In the second place, this resolution was unnecessary because it fails to differentiate between the few children who are "rude and rowdy" and the many thousands who are diligent and well-behaved.

This broadside against children in general will alienate the well-behaved youngsters and impel them to come to the defence of their rowdy fellows instead of using the influence, as they could very well do, to persuade them to work off their energies in more constructive pursuits than the smashing of windows.

3. That the Soviet Union is merely hiding its time until it has a sufficient stockpile of atom bombs and other weapons to wage global war for the world extension of Communism.

Those who hold the latter opinion and they are probably in the majority at the moment, declare that Russia has instructed her adherents abroad to play down the likelihood of war and all the democracies into a false sense of security.

No man can say with any degree of assurance that we are going to fight with Russia. Similarly no man can say with any degree of assurance that we are not going to fight with Russia.

Canada's position, then, should be that of seeking insurance against disaster in the same way that a sensible man insures himself against accident.

And just as the cost of accident insurance is less than the cost of accident, so is the cost of war preparedness infinitely less than the cost of war itself.

A group of well-armed and well-prepared democracies will not only be ready for any emergency, but their very preparedness may prevent the emergency from occurring at all.

And just as the cost of accident insurance is less than the cost of accident, so is the cost of war preparedness infinitely less than the cost of war itself.

It is altogether too easy to incite a war between two successive generations. And it is lamentable when such a thing occurs because the cure for delinquency lies more immediately in the hands of orderly youngsters than with any other body or influence.

No one wants to see children's organizations turned into bands of reformers. But the fact that the children's organizations, such as the Edmon-Teen Club, can do a tremendous lot to minimize delinquency by pointing the way towards interesting and useful things for children to do.

The general damping of all children does not promote such valuable effort.

SPORTS

FAN FORUM, CONT'D

"Rabid Hockey Fan" who recently put to blast on this city's sportswriters and sportscasters, to say nothing of followers of the Flyers (for their "unsportsmanlike behavior"), has brought on a flood of letters to this department.

"RH" has his supporters. Also there are those "who like to pin his ears back."

For instance, "Small Town Hockey Fan" pens the following: "I am a hockey fan, living in a small town. Recently I went to the BIG city to see Flyers in action against Rogers. This was the game in which the Flyers were defeated 4-3. What I saw of the game I enjoyed very much. However I was disgusted with the remarks of the Flyers' so-called fans. They were anything but complimentary to the boys."

"I was also in Edmonton when the Flyers brought home the Allan Cup last spring. The people did themselves proud that day. As I remember it the Flyers were wonderful, a great bunch of guys."

"All in all I think Flyers have the poorest bunch of fans backing them that any team could possibly have."

However, "Where's Barhord?" refuses to panic over what Rabid Hockey Fan thinks. "Do they still take the sidewalks at night in Montreal?" he wants to know. "Anyway if he doesn't like the Flyers broadcasts why doesn't he tune in Tokyo or Moscow?"

'LOADED WITH EXAGGERATION'

HPH gets into the act with the following: "Our Barhord's 'loaded with exaggeration' these remarks reveal that this individual accuses Edmonton of what he (or she) is guilty of."

"However I must admit that Edmonton fans are due for some criticism. The penalty business is really terrific. It looks very cheap to boo every time our player receives a penalty... no matter what the circumstances. I don't think we Edmonton fans get credit where it is due so far as the opponent is concerned."

"They so want a Flyer victory that the sportsmanship angle is left far behind."

Here's the way Mr. A. Durnane sees it: "Both winter and summer it's the same thing in the newspapers. During the baseball season there just isn't anything like our two local sports teams. Now... all you hear is Allan Cup champions."

"So what? It took them 20 years to get it. That certainly is nothing to brag about for a city of this size... when 'Rabid' was leading all scoring in the last season and the one before what a round of boos he got when he skated on the ice. Now another great star (Ed. note: presumably "Sweeney" Schriver is meant) seems to be getting the same treatment."

"After all we are always being reminded about having the best hockey team. Then why not the best crowd, too?"

WIFE BEATERS: PLEASE NOTE!

One who wishes to be known as "No A. A. Boy" flashes back at the guy who started all this. "I'm one of those unsportsmanlike fans the gent from Barhord writes about."

"I'd like to say we're no better, no worse than fans are everywhere else. I know I'm just letting off steam. When I don't feel like beating the wife when I get home after Flyers lose one."

"Anyway, why should I cheer for Pete Slobodan and the like?"

And finally portions from a really constructive missive from a reader who wants to be known as E.P.M.: "Regarding last spring's 'Winipeg episode'... seems to me anything controversial emanating from Edmonton press rooms was definitely in the form of rebuttal. 'Pug' Wing was alleged to have verbally 'attacked' a prominent fan. It was a rebuttal to the 'Pug' Wing fan's claim that this instance might reasonably have paid more dearly than he did."

"I shall, however, go along with 'Rabid' Fan regarding his opinion... sportswriters so often in evidence at the Arena. The stupid, insane, childish invectives sometimes hurled at the Flyers (as well as opposing teams and players) are in very poor taste, to say the least. A little more tact will go a long way... players don't enjoy losing games."

"For my part I find your columns very fair and enlightening. I decided to subscribe to your paper during the 1947-48 season in order that we might see in print how few justifiable pats on the back and kicks in the pants, came in its place, meted out without fear or favor, to teams, players, officials and fans alike."

Check!

(P.S., Ed. note: Crowd at Monday's Flyer-Quaker battle appeared to be split into two camps on a 60-40 basis, 60 for the underdog victors).

'Rassle' Newcomer For Tonight's Card

Wrestling promoter Al Oeming announced Monday night a substitution would be made on his card at the stock pavilion tonight.

The sub is Pete Krivonak, jockeying his Edmonton debut, and he replaces Jim Wolfe in the opening match of the evening event against Pantaleon Maniopoulos of the Philippines. Krivonak is a 25-year-old wrestler from Erie, Pa., and a former classmate with the Great Lakes Naval Training Center.

Otherweight tonight's presentation remains the same. Lou Newman has a date with Edmonton's Stu Hart the main event, and the semi-main event features Jerry Moxley and Frank Morrell.

Two local boys—Dallard Culley and Ted Wilkins—clash in the preliminary match.

Ray Steele will appear as an official in the main event. The main event in the "rassle" fraternity has turned recent years into a series of "rassle" matches, and that the fight will be held at the Pacific Coast.

Robinson - Belloise Bout on for Sure

NEW YORK, Nov. 16.—(AP)—The Tournament of Champions announced Monday that it has scheduled a bout between Robinson and Belloise for Nov. 20 at the Madison Square Garden.

Robinson, who has been cleared and that the fight will be held in Jersey City, N.J., Dec. 2.

FRANK FILCHOK... UNANIMOUS All-Star choice.

Hamilton Snafes 8 All-Star Spots

TORONTO, Nov. 16.—(CP)—Hamilton Tigers today wrote another proud page in their brilliant football history by sweeping eight of the 12 places on the Ontario Rugby Football Union's All-Star team.

Soldier-borne has the mythical squad, selected for The Canadian Press by football writers and coaches in the four union cities, went down to such a degree by one team. It emphasized the overwhelming superiority of the Hamilton Tigers, in winning the league title with an undefeated streak of 11 games.

The four other places on the team went to the Toronto Beavers Indians who the Tigers beat in two straight games in a best-of-three title playoff series.

Half (secondary defense)—Don Pizer, Toronto.

Quarterback—Frank Filchok, Hamilton.

Fullback—Pat Sanaulov, Hamilton.

End—Vernie Picard, Toronto.

Linebacker—Lorne Varko, Toronto and Danny Desjardins, Hamilton.

The vote was weighted to give equal balloting strength to each union.

THE TEAMS:

Flying wing—Gerry Walsh, Hamilton.

Halfback—Jack Harper, Hamilton and Jack Stewart, Hamilton.

Halfback—Don Pizer, Toronto.

Quarterback—Frank Filchok, Hamilton.

Fullback—Pat Sanaulov, Hamilton.

End—Vernie Picard, Toronto.

Linebacker—Lorne Varko, Toronto and Danny Desjardins, Hamilton.

FILCHOK UNANIMOUS

The brilliant playing of Filchok, former professional star with Washington Redskins and New York Giants whose passing and coaching, has been the sensation of the O.R.F.U., was recognized by the selectors, who made him the only unanimous choice.

The weakness in the backfield is the absence of a top-notch kicker in an expert other department. Filchok's strength lies in Filchok's passing, the running of Stewart and Pizer, the plugging of the 200-pound Walsh and the pass-receiving of Harper.

Taylor Resigns Golf Position

TORONTO, Nov. 16.—(CP)—W. D. (Bill) Taylor has resigned as secretary-treasurer of the Royal Canadian Golf Association and will be succeeded by W. T. (Bill) Hamilton of Toronto.

The resignation was announced Monday by P. N. Robertson of Saint John, N.B., RCGA president, who said the 39-year-old advertising man gave up his post because pressure of business but would remain on the association's board of governors to which he was elected last summer.

Hamilton takes up the job on a full-time basis and will have the assistance of E. Harold Banks, who resigned last summer.

Robertson said that since taking up the position Jan. 1, 1946, Taylor had made a tremendous contribution to development of golf in Canada. He had stimulated interest in the game from coast to coast.

A crude form of steam engine was used by Rappaport friends to open the tunnel without serious human contact, providing miracles for the faithful.

RED ROLFE HITS TOP WITH DETROIT TIGERS

DETROIT, Nov. 16.—(AP)—Robert A. (Red) Rolfe, former basketball star, had a home run in the big time on Monday night when he hit a home run in the first inning of the game between the Detroit Tigers and the Philadelphia Phillies.

Rolfe has been in the big time for six years, except for a tour of duty in 1940 as a Yankee catcher.

He succeeded Dave O'Neil, fired Nov. 6 after his 1948 Tigers floundered.

The new Tiger manager, whose salary was not disclosed, faces a slushy task in bringing Detroit back into contention in the American League.

"This club has its weaknesses," he admitted to reporters, "but it is not a bad ball club. If we can strengthen two or three spots, we will be up there in the pennant fight."

He specifically mentioned catching, second base and pitching.

HARRY (THE SOUTH SIDE) IRVING... A dream come true.

Sandberg Confirms Edmonton Grid Bid

Bob Sandberg, one-time University of Minnesota star where he played under the great Bernie Bierman, may take on a playing coach's role with an Edmonton entry in the Western Football Conference next season, providing such an entry materializes.

Sandberg, who was named Winnipeg's 26-year-old star of the year, said he had been approached by Edmonton interests who have such an arrangement in mind.

Joe Shctor, whose name has been prominently associated with a contemplated senior grid revival here, contacted Sandberg, it seems.

"I had a letter from Mr. Shctor, inquiring if I would be interested in going to Edmonton next season as player-coach," the Blue Bomber ace said. "He did not commit himself, particularly, any more than I did in replying that I would certainly be listening if—and when—he got around to talking contract."

Eyes Bomber Job

Sandberg also indicated that he was being considered for the Blue Bomber coaching job, made vacant when Jack West resigned following the current disastrous season. The Bombers' grid finalists in 1947, finished in the Western Conference basement this season.

"For this reason," commented Sandberg, "I wouldn't want to get too deeply involved anywhere else just for the present."

He overruled what to Sandberg, a regular with the Minnesota Gophers in the seasons 1941-42-43, serve to add more fuel to the Edmonton-in-the-Western Conference fire that burns more brightly day by day.

It's known that Shctor also has approached Conference officials regarding an Edmonton entry for 1948. As well he claims to have made arrangements with the city for the use of Clarke Stadium, home of the first Edmonton team in the Conference, back in the 1920s.

Just A Visit?

The Shctor activity coincides with the re-appearance locally of Bob Fritz, coach of the Eskimos of a decade ago. Fritz, along with former teammate Gordon Gielay, has been visiting in Edmonton from his home in Minnesota.

So far there has been no indication that it is any more than just a visit. Both Fritz and his huge running mate, Gielay, have denied any particular interest in Edmonton's future Western Conference plans.

Sandberg would probably represent a ten strike, if he could be secured. He was the outstanding figure in the 1947 Grey Cup final when Winnipeg dropped an 8-7 verdict to Toronto Argonauts.

Carveth Gains On NHL Leaders

MONTREAL, Nov. 16.—(CP)—Joe Carveth, veteran Montreal right-winger, picked up two goals in the second period of the third place tie with Canadian amateur Billy Ray who added an assist in the third period.

The National Hockey League scored four goals in the final period, three of them within a minute.

Carveth, who has been playing for the Montreal Canadiens since 1941, is now in the second year of his contract.

Ezzard Charles In 7th Round K.O.

CINCINNATI, Nov. 16.—(AP)—Ezzard Charles, Cincinnati's heavyweight championship hope, whined off his big guns into action in the seventh round here Monday night to knock out Walter Hafer of Mayville, Ky., in what had been scheduled as a 10-round bout.

Charles weighed 178 pounds, Hafer 205.

A crowd of 4,843 paid \$2.37 to watch Charles in his last bout before meeting Joe Louis in the main event at the Cincinnati's Madison Square Garden. That bout may produce a future opponent for heavyweight champ Joe Louis.

City Kiwanis Hear History Of Seal Sale

Romance of TB Christmas Seal which started with a lovely postal clerk in Copenhagen, Denmark, was related to Kiwanians at their regular Monday meeting in the Mardolani hotel.

Speaker was C. Robert Dickey, general secretary of the Alberta TB Association.

The postal clerk Elmer Hoelhoff, Mr. Dickey said, conceived the idea as he worked long days sorting mail in the Copenhagen post office, with the intention of helping sick children.

The idea has developed until last year in Canada and the United States nearly \$200,000 was raised for the fight against tuberculosis.

So successful has the fight been that now TB has dropped from the first to seventh most frequent cause of death. The death rate in 1947, he said, has dropped from 200 per 100,000 to 43 and it is hoped that TB will be banished altogether in another 20 to 30 years.

New member, Major Alex. Siddons, was presented at the meeting.

President Walter Sprague presided.

In Canada on a lecture tour sponsored by the Canadian relief agency, Dr. Jozsef Hiltichman, former UNRRA worker will speak at Glenora public school auditorium, 135 street and 106 avenue, Wednesday at 8 p.m.

He will discuss the problems of displaced children in Europe and will illustrate his lecture with motion picture film of relief work by the UNRRA.

Meeting is sponsored by the Glenora Home and School Council.

Dr. Hiltichman is a graduate in philosophy of Prague University, Czechoslovakia.

Vandals Wreck Truck Interior

One of the worst cases of willful damage occurring in Edmonton in weeks was reported to police today. Tim Berger of Neerlandia near Barbours, Alta., reported that his date smashed car windows, glass on the instrument panel and instruments of a three-wheel truck had been parked on 82 street and 101 avenue. Also damaged beyond repair was the engine switch.

Berger said the truck was unlocked while keys were being made for it, and had been left in the care of his brother who lives in Edmonton.

Witness Takes Blame Charge is Reduced

When a complainant takes the blame for starting a fight it can be a big help to the accused in a police court trial.

In a case of this kind, the charge of permanent way solution.

The court placed her on suspended sentence for 12 months and placed her under bond of \$100.00.

She made the attempt on her own life following a quarrel with her husband on Nov. 9.

Magistrate L. L. Miller then reduced the charge to one of common assault and fined Reid \$50 and costs.

A 25-year-old city woman, adjudged by doctors to be in a "depressed condition," pleaded guilty to attempted suicide.

Police testified she drank a quantity of alcohol.

3 HAVE NARROW ESCAPE IN CRASH

A pedestrian was injured by an auto and three people narrowly escaped serious injury in a locomotive collision in Edmonton Monday.

Suffering from shock, cuts and bruises is Mrs. Joe Boyva of Edmonton.

She was taken to Royal Alexandra Hospital in Smith's Ambulance after she was knocked down by an auto at the intersection of 118 avenue and 124 street at 10:02 p.m.

Hospital authorities report her condition as "satisfactory" today.

32 H. Harkness of 10129 83 avenue was driving two passengers in an auto which was struck and damaged by a locomotive at the 106 street railway crossing.

Engineer James of the CNR told police the whistle of the locomotive had been blown and the bell was ringing.

None of the persons in the car was injured.

Life With Father Scores In Edmonton Opening

By Georgina Yule

Take a play that was a smash hit on Broadway for eight years, add a talented and enthusiastic cast, and the result is a production that does credit to the Edmonton Community Theatre!

"Life With Father" is the 33rd major play put on by the Edmonton Community Theatre since its organization in 1929.

Officials of the group are to be congratulated upon undertaking such an ambitious project, and on making such a success of it.

Large audience enjoyed the first night performance in the Civic Recreation hall Monday evening.

Performances will be continued Tuesday and Wednesday in Edmonton, and then the cast will leave for Calgary for a two-day run, by special arrangement with the Calgary Civic Theatre.

Others in the cast included Betty Davies, Ann Meulenbroek, Nicki Davies and Lucy Strachan, and the four female leads: Marjorie Sullivan as Cora, Charles Swartlow as Dr. Humphries, Muriel Langford as Margaret, and Al Hildreth as Dr. Somers.

Under the able direction of Mrs. R. B. Clifton, assisted by Mrs. Margaret Macdonald, the Edmonton Community Theatre's first performance of "Life With Father" was genuinely funny, and entertaining.

It would be interesting to see how much better such a production could be if acted by a self-staged crew were not seriously hampered by the inadequate stage and lighting facilities afforded by the Recreation hall.

Bricklayers End Calgary Walkout

CALGARY, Nov. 16.—(CP)—Walkout of some 40 Calgary bricklayers, members of the Bricklayers Union (AFL), officially ended yesterday with signing of a new agreement between the union and the Calgary General Contractors' Association.

The men returned to work last week-end after staging a two-week strike in protest against payment of their wages by cheque.

The union wanted cash payment. Neither side of the dispute would concede terms of settlement on this point.

Four-Year Term CALGARY, Nov. 16.—(CP)—George C. Spaul of New Westminster, B.C., yesterday was sentenced to four years in Prince Albert penitentiary when he pleaded guilty in police court to charges of robbery and housebreaking.

Douglas and Manning Factions Will Clash

Width of the rift between "Douglasites" and "Manningites" may be measured during the opening hours of the Alberta Social Credit League convention commencing on Wednesday, Nov. 24 in the Masonic Temple, according to league officials here.

Annual report of president R. D. "Bob" Jorgensen will be made Wednesday, according to the convention program.

It was predicted today that Mr. Jorgensen's report would challenge the "Douglas Social Credit Council" faction within the party ranks to come out after the speaker.

Known members of the Douglas Council, A. V. Bourcier, M.L.A. for Lac Ste. Anne, and Kenneth Burton, formerly a social worker in the Canadian Social Credit national party organ published in Edmonton, have been retained members in the league and will not have a voice at the convention.

Mr. Bourcier claims the Douglas council has a large following within the league, and that the Douglas faction will have a chance to elect its own officers.

Formalists of the Douglas Social Credit Council of Alberta was announced after R. Earl Adams of the Douglas faction in the league and will not have a voice at the convention.

IMPRESSIVE EASTER services will mark opening of the stately new St. Anthony's Catholic Church at 107 street and 82 avenue. New church will cost to \$500. The modernistic design of brick and steel structure is striking. A distinctive feature is the towering copper-shedded cross atop the brick spire. Rev. C. J. Foran is parish priest of St. Anthony's Church. Cost of structure is \$200,000.

PRESBYTERIAN WORSHIPERS on Edmonton's South Side, "homeless" for some time, will soon have a fine new church at 106 street and 81 avenue. New Strathcona Presbyterian Church cost about \$40,000 and will seat 250 in the main upstairs portion. Minister Rev. J. Herison plans to hold services in the basement by Christmas. Congregation is temporarily using the Masonic lodge hall. Difficulty in obtaining plasterers is delaying completion of new church.

\$2,500,000 Hospital Wing Started At University

2,000 MORE PHONES HERE IN PAST YEAR

More than 2,000 new telephones have been put into use in Edmonton during the past year.

According to a report of Superintendent Christy there are now 28,686 telephones in service in the city as compared to 26,500 one year ago.

Of the new installations, 1,482 are for business purposes and 695 for residential.

Receipts of the department up to November 5 total \$859,455.11 as compared to \$885,153.41 for the same period of 1947.

Youthful Soprano Pleasing in Concert

Miss Hazel Solomon, young dramatic soprano from Toronto, made her Edmonton debut in Central United Church Monday night.

Sponsored by the Women's Missionary Association of Central United, Miss Solomon presented a program of varied selections. She will sing again tonight, beginning at 8:15 p.m.

Miss Solomon is an associate of the Royal Conservatory of Toronto and her voice Monday night showed the evidence of training.

Her enunciation was particularly good, and her rich, warm voice in the medium registers was generally well handled and a pleasure to hear.

However, in the low registers her voice tends to go flat too often, and she has trouble with her high notes: her voice takes on an unpleasant shrillness, is strained with an occasional tremble, and is not always on pitch.

Miss Solomon sang numbers such as "Behold I Stand At The Night," Schubert's "The Trout," Schubert's "Die Die Rhu," and Negro spirituals including "Swanee, Don't Let This

Pre-Christmas Days Whirlpool of Work

By Bea Thrifty

And a Merry Christmas to you, too!
How time doth flit. It seems but a few crisp days ago flowers bloomed in the field, birds were on the proverbial wing and all the rest of the summertime song and dance frolicking in the noon-day sun.
But we're suffering November quite nicely thank you... and are punctually clipping our hands with glee over the promises of the Yuletide season.

Every year I make firm resolutions to do my best shopping as early as early as can be. But somehow pages of the calendar are flitted away... and

once again we're on the very threshold of Christmas... and no presents bought at all.

This is the middle of November and the Christmas season is 32 days left to do our budgeting.

Before you even launch into the gift-buying there is a bit of re-furbishing for the tree decorations to consider.

You'll find yourself paying 15c and 20c for just one shiny ball, but that's the price of a new one on an alternative current where one faulty doesn't mean total obsolescence, but one faulty does mean a new one.

Those pretty glass baubles that sparkle and gleam against the green of the tree are a scandalous cost.

You'll find yourself paying 15c and 20c for just one shiny ball, but that's the price of a new one on an alternative current where one faulty doesn't mean total obsolescence, but one faulty does mean a new one.

I saw some pretty peach, yellow and turquoise flannellette baubles at 45c per yard today.

With this I'm going to whip up some streamers, pinwheels and frilly nighties for the little people on my list.

A bit of bunny-rabbit embroidery and they'll make splendid nightgowns. The nighties are especially easy to make and it's no trouble at all to add a bit of fringing at the neckline and sleeves. And girls are never too young to love little feminine touches.

I'm marching away in a very few moments to buy me a nice shiny new rooster.

It's something I've needed for simply ages and the time has come. Fact that there's a great deal of bargain on some roosters is a source of my main motive.

These are selling at \$1.98 and \$2.98. They are shiny bright aluminum.

If the couple I'm shopping for has just moved into a top new five-vinyl-covered cottage for two, I'll have a merry Christmas.

You can get them at various prices. An average, pleasant Christmas charm will cost but \$3.50. Different ideas anyway.

YOUR BABY AND MINE Personalities Inborn And Not Inherited

By Myrtle Meyer Eldred

Every person is guilty of wondering what she might have become under different circumstances and a different rearing. We all have capacities many of which have never had a chance to develop.

Mrs. J.A.M. asked an interesting hypothetical question: "Suppose every child were loved sufficiently, that parents guided the child through a happy childhood and strong emotions were eliminated, would individuality still exist?"

"Of course," she continues, "I can see that there is, at least, the immediate future. But scientists, authors, actors, song-writers, inventors were often strange children with strange child-hoods. They were suppressed emotionally, perverted or abused."

"For instance, a middle child with a pampered brother and a nagging sister, an undemonstrative mother and an impartial father was driven to express himself through writing. Would this same child have achieved fame had he had an affectionate mother in whom he could confide? How will the next generation of geniuses develop if we give all children happy lives? Will their individuality come from heredity or will a new school of thought develop?"

You ask the unanswerable, fascinating as are the conclusions to be reached from such a query. I do not think a choice of vocations depends entirely upon a warped background or supposed desires. I do believe, also, that personality factors into a child and he begins to express it almost from the day he is born. In strange surroundings of a hospital, babies react differently to the same experience.

Humanism are not tumps of clay to be moulded into shape by environment. They have inherent capacities, are of variable intelligence and have a right to be treated as such. Right from the beginning.

It is in our nature to imagine, and this could be argued indefinitely on both sides, but heredity as an influence, even if it is a factor, as you would seem to imply.

Our infant No. 5 in the First Six Weeks, may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper. This is a new leaf.

Will actress Evelyn Keyes (above) hair grow at the same rate today? That's one of the facts about hair discussed by Josephine Lowman today.

WHY GROW OLD Gray Hair Grows Rather Than Turns

By Josephine Lowman

Here are a few misconceptions about hair: 1. That hair can turn grey overnight. I have been unable to uncover any authentic records which indicate that hair can turn grey overnight. The hair is formed as it grows but the hair now on your head cannot.

Shattering with the terrific impact of its startling story and alive with intense excitement, "The Street With No Name," opened at the Capitol Theatre Monday with Mark Stevens and Richard Widmark in lead roles and Barbara Lawrence and Lloyd Nolan featuring in an outstanding supporting cast.

Plan Offered To End Wars

WASHINGTON, Nov. 16.—(AP)—James M. Dill, director of agriculture, offered yesterday a plan to end wars, saying it "could be put into effect in six weeks."

A single step taken by the president, he said in an interview, "let the congresses of the U.S. and the parliament in London declare that for 10 or 20 years there shall be free passage for money and goods through the United States, Great Britain and her colonial empire for all citizens of both states."

It would also apply to citizens of any member of the Commonwealth of nations which were at peace for admission in this economic plan. All parties would be bound to maintain the arrangement for the full 10 or 20 year period agreed upon.

Among other things, the Irish minister said his plan would bring about:

- 1. An end of austerity in Great Britain.
- 2. An assurance against an American depression within the next 100 years.
- 3. Re-equipment of British industry.

A vast and secure foreign market for the United States.

Inside Hollywood

By Bob Thomas

HOLLYWOOD, (AP)—The casualness of Hollywood's economy drive, not mentioned until right here and now, are those dimpled darlings, the child stars.

I don't mean just Marjorie, they don't know their lines or are staidly or staidly. It takes much time and patience.

Biggest Russ War Crimes Trial Opens

BERLIN, Nov. 16.—(Reuter)—The biggest war crimes trial in the Soviet zone opened in Leipzig yesterday before an all-German court when 30 former members and former of a German armament factory in Poland were charged with the murder and ill treatment of more than 100 Polish workers.

CANT AFFORD IT

The latest fact is that studies can't afford child stars.

Child acting is a specialized field and an expensive one to study in the present economy.

The results, regarding use of children in studios are involved economy. In some a bureau's heart. This will give you an idea.

THE DRAMATIC and exciting story of what happens when law and order breaks down in a community and the FBI steps into the picture is revealed in "The Street With No Name," Twentieth Century-Fox's new hit starring Mark Stevens, and Richard Widmark, which opened at the Capitol Theatre Monday. The picture of FBI's counter-attack against a new era of crime in the making is based on actual case histories from FBI files. Lloyd Nolan and Barbara Lawrence feature the supporting cast.

'Wicked Uncle' Is Charged With Concealing Bequest

MANCHESTER, England, Nov. 16.—(CP)—A lawyer changed in Lancashire chambers court yesterday that a 63-year-old Vancouver laborer had a large inheritance kept from him for 50 years by a "wicked uncle."

G. Abrams, counsel for Herbert Alexander Ross of Vancouver, said that "for 50 years his wicked uncle concealed the fact from him that he was worth more than £150,000."

Ross, who is ill in a Vancouver hospital, inherits £300,000 from the estate of the uncle, Arthur Holroyd, of Bournemouth, said a local fund of £13,322 that the uncle administered for him. Holroyd died in 1941.

"It seems to me that in 1889 Ross became entitled to quite a substantial sum but from 1889 to 1941 nobody ever told him that he was the beneficiary," Abrams told the court.

"It appears that he never walked the length and breadth of Canada as a laborer whereas in effect he had an interest in this estate."

Ross went to Canada 40 years ago.

View-chancellor Sir Leonard Stone said there was no evidence to justify the allegations. He ordered £5,000 sent immediately to Ross and the remainder later when arrangements for his care were made.

Ross, who had corresponded with his uncle until 1937 and then stopped writing, was found after the court directed a legal inquiry into the matter.

Until 1937 he had received two \$48 remittances from Holroyd.

One in 1932 and the other in 1937. Sir Leonard ordered all costs. Including those of the search for Ross, to be paid from Ross' share of the estate.

Western Coal Miners To Demand More Pay

CALGARY, Nov. 16.—(CP)—A resolution assuring the 400 miners in the Eastern and Blenheim coal mining areas of Saskatchewan of the "full moral and financial support" of the 10,000 members of District 18, United Mine Workers of America (U.M.W.), was submitted to the annual wage scale convention of district 18 yesterday.

About 90 delegates from U.M.W.A. in Alberta and B.C. are meeting in Calgary this week to formulate new wage demands on the western coal industry. Annual U.M.W.A. secretaries' convention of District 18, said delegates also will resolve "living conditions in Alberta and B.C. mining areas."

Most Favor Strike

John Stoklosa, vice-president of the district, said that 75 per cent of the Saskatchewan miners had voted in favor of going on strike after their employers had rejected the majority report of a conciliation board.

The board recommended that a 20 cent an hour wage increase be granted, and that the 40-hour week be retained.

Mr. Stoklosa said that the coal operators had offered their men a 10 per cent wage increase of 15 cents an hour, and asked return of the 40-hour week.

Approximately 435 resolutions dealing with 1949 wages would be considered by the convention.

N.Y. DAILY WORKER ADMITS PRINCE BORN

NEW YORK, Nov. 16.—(AP)—Unlike his London counterpart, New York's Daily Worker yesterday reported a birth in "a big house known as Buckingham Palace" but at first didn't identify the child further.

"An Englishwoman tonight gave birth to a baby boy," was the Communist organ's entire first paragraph under a London date line.

"This unique and amazing event," it went on, took place in "a big house known as Buckingham Palace."

After finally identifying the "Englishwoman," the Daily Worker observed:

"The baby automatically went on the government payroll at a salary of \$200,000 a year, and was dubbed Prince of the Realm."

The London Daily Worker ignored the event.

4 Eye-Witnesses Fail To Identify Accused

CALGARY, Nov. 16.—(CP)—Not one of four eye-witnesses called by the Crown yesterday to testify in the murder trial of Stanley McLaren of Toronto and Calgary, offered any positive identification of the accused as the man who killed Chinese grocer Lum Yung Wing here three weeks ago.

McLaren, 32-year-old plumber, was arrested in Toronto last August and brought to Calgary to face trial before the supreme court, on the murder charge. He is accused of being the man who entered Lum Wing's green grocery and fruit store in East Calgary, Sept. 24, 1948, and assaulted the Chinese grocer and his wife.

Stewart testified that he had been told to enter the shop by the grocer's assistant to "clear the till." He said while he took the money from the till, the attacker continued to beat Lum Wing about the head with what he "believed was a gun. He said the attacker grabbed the money from his hand and fled.

He said he had not been able to identify the accused a police lineup as the attacker. However, over defense objections, he said there was something "familiar" about the appearance of accused.

NOT POSITIVE

Two other witnesses, one a 15-year-old girl, said they were in the store at the same time as the man who beat up the grocer and both said they were unable to positively identify the accused in a police lineup.

James Whitlaw of Calgary, who chased the attacker for several blocks when he ran from the store, also failed to identify accused as the wanted man.

Later the jury visited the scene of crime. The case is continuing today.

N.J. Republican Denies Guilt

WASHINGTON, Nov. 16.—(AP)—House Republican J. P. McSwain yesterday pleaded innocent when he was arraigned on charges of paying the payroll of his House of Representatives office.

Judge Richmond B. Keck, who received the plea, tentatively set the trial for Jan. 15. He gave the defense until Nov. 20 to enter any motions and request Thomas on \$1,000 bond.

The membership of district 18 went on strike last Jan. 12 after their negotiations for a 53 a day wage increase and a 40-hour week were rejected.

The strike was settled when the union agreed to a general wage increase of 42 a day, and a bonus in the winter months to five cents a day. Majority of the miners rejected the offer within six weeks. However, a few miners still are on strike in the district.

Medical Men Challenged

ESQUIMALT, B.C., Nov. 16.—(CP)—Louis F. Green, Port Alberni chemist, who claims he was the main architect in this economic plan. All parties would be bound to maintain the arrangement for the full 10 or 20 year period agreed upon.

Mr. Green, if permitted to use his name in and government anti-rill war, guaranteed to show "advancement to arthritis invalids or patients within six weeks," provided he is given "unhindered authority."

Dealing with the recent provincial government inquiry into his claims, Mr. Green said the committee's report was "just suppositions and erratic statements, which are unfounded, unsubstantiated and in the first place."

He accused the committee's statement that his was a "faith cure" was "deceitful and branded as 'idiocy' that part of the report which declared his medicine was made of such simple elements as gin and sugar."

Santa To Get Northern Help

WINNIPEG, Nov. 16.—(CP)—Many United States buyers will be getting their Christmas trees from Santa's backyard this year.

William Melnick of Winnipeg has been granted permission to cut 2,000 trees near mile 27 of the Hudson Bay Railway for export to the U.S. and has arranged with the forestry bureau to increase the cut if necessary. The stand of "black spruce" has been described officially as "magnificent," and would never be of use as timber.

Artificial Eye Industry Probed

CHICAGO, Nov. 16.—(AP)—The United States department of justice has begun an investigation of the artificial eye industry. Melville Williams, head of the department's Chicago anti-trust division, declined to say how many manufacturers or distributors would be called to testify before the grand jury.

Drew Challenged On Hydro Record

Tory Chieftain Blamed For Ontario Power Shortage

OTTAWA, Nov. 16.—(AP)—Eugene Forsey, CCF candidate in the Carleton by-election, today challenged Conservative leader Drew to defend his hydro-electric record at his nomination meeting on Saturday.

POET LAUREATE HAILS PRINCE

LONDON, Nov. 16.—(UPI)—A poem by John Masefield, British Poet Laureate, on the occasion of the birth of Princess Elizabeth's baby was published today in the London Times.

Masefield's poem, entitled "A Home for the New-born," follows:

May destiny, allotting what
Grant to the newly born
A guard more sure than ships
And fortress walls,
The loyal love and service
Of a race.

Red Actions To Be Aired

PARIS, Nov. 16.—(UPI)—The French government decided today to air in parliamentary debate its charges that the Communist Party of France (PCF) has fomented and subsidized France's two-month strike of labor conflicts.

At the same time, the government introduced in parliament a series of tough measures cracking down on saboteurs, strike agitators and black market peddlers.

In a four-hour meeting just before parliament convened after its annual holiday, the cabinet of Premier Henri Queuille authorized Jules Mias, minister of interior, to agree to debate a right-wing question asking details of his recent charges that international Communism supported the recent French strikes.

The debate was to begin today and was expected to last two or three hours.

The Communist-controlled general labor Federation (CGT) ordered dockers at Dunkirk off the job today, and the strikers brand the approach with a banner with wooden barricades. At Bordeaux the dock strikers vowed to stay off the job until demands for increased wages were met.

At the same time, the CGT ordered strikers to drift back to work in increasing numbers. But official figures showed that the strike cut coal production in October from a normal 4,200,000 (M) tons to 2,600,000.

Coldwell Named

ROSEMONT, N.S., Nov. 16.—A CCF nomination election last night named M. J. Coldwell, Dominion leader of the CCF party, to contest the Rosemont-Biggan riding in the next federal election. Mr. Coldwell has held the seat since 1964 although a 1967 revision act altered the boundaries of the constituency some extent.

Dr. Weaver said that medical science has learned that "clinical poliomyelitis is not a single disease, but rather a family of diseases."

"This," he said, "has led to an effort to develop methods for determining exactly how many different viruses cause the human disease and what percentage of human cases is caused by each virus."

"This study, of fundamental importance in the development of a preventive or cure, is now under way through a series of studies in various laboratories supported by the National Foundation, working under group planning and pooling of ideas and resources."

Dr. Weaver also recalled the progress made in determining that destruction of nerve cells and consequent crippling is not associated with every human case of infantile paralysis.

In fact, Dr. Weaver said, it is now recognized that for every diagnosed case of the disease there may be from five to 100 additional individuals who harbor the virus without recognizable symptoms.

BATTLE LOST BY UNDERTAKER

WINNIPEG, Nov. 16.—(CP)—Michael Sawchuk of Winnipeg is a happy man today. He has battled tooth and nail against the police and now stands victorious in his bid to have his undertaking establishment next door to his home on Sherbrook street, and last night he won his fight.

City council decided against allowing the funeral home to be opened on the ground it would depreciate the value of surrounding property.

Ald. James Black said he'd moved rather than live next to an undertaking business than a street, and last night he won his fight.

"People who go to an undertaking funeral go there for quietness," he said.

"And that's for sure," replied Ald. Jack Blumberg with a smile.

Shipping Strike In 76th Day

SAN FRANCISCO, Nov. 16.—(AP)—Seven unions in the west coast shipping strike today as the tie-up entered its 76th day.

Waterfront employees and Harry Bridges' CIO longshoremen scheduled another meeting after a "technical discussion" of the issues at their first night session last night.

The unaffiliated Marine Fireman's union of the five unions involved were met the shipowners today for further talks.

Also joining negotiations were the CIO marine cooks and stewards. They asked improved wages and living conditions aboard ship and a 2½-year contract to end June 15, 1969.

Children Of Two Families Wiped Out

MOSES LAKE, Wash., Nov. 16.—(AP)—A giant 40-ton earth-moving machine and an automobile collided yesterday, killing five occupants of the car. The crash wiped out the children of two families and their mothers, Mrs. Fira M. Harris, 27, and Mrs. Susan Wamser, 19.

Ducks Believed Poisoned In Zoo

GUELPH, Ont., Nov. 16.—(CP)—The bodies of 12 dead ducks believed to have been fed poisoned food by visitors at Toronto's Riverdale Zoo during the weekend, are being examined here by animal pathologists at the Ontario Agricultural College. It is expected the investigation will require several days.

Against Segregation

AUSTIN, Tex., Nov. 16.—(AP)—Hazel Scott, New York jazz and classical pianist, declined to appear here last night before a segregated audience and the negro artists' appearance was cancelled.

SON LOST 11 DAYS BUT MOTHER HOPES

TORONTO, Nov. 16.—(CP)—Hope that her only son will be alive somewhere in the wilderness of Newfoundland was expressed today by Mrs. Lucy E. Forsyth.

She said her son, Maj. Henry Forsyth, Canadian army ballistics expert, was one of six men aboard a United States B-29 bomber missing since Nov. 5 on a flight from Washington to Stephenville, Nfld.

Wreckage of a plane was spotted some days ago by searching planes 10 miles from Gander Airport, Nfld., but it was believed to be that of a plane missing since the war.

Mrs. Forsyth said her 32-year-old son had served in Washington for the last two years. His wife and son live at Arlington, Va.

"KNOW-HOW" with children was long ago demonstrated by Princess Elizabeth, who became a mother herself Sunday. Here she is with a blitz orphan, six-month-old Maurice Ecclesham when she visited a Sussex clinic named in her honor in 1945.

GAINS IN RESEARCH REVEALED

Vaccine for Paralysis Nearer Realization

By PAUL F. ELLIS

Brit. United Press Science Writer

NEW YORK, Nov. 16.—(UPI)

A poll expert reported today that evidence from research projects is pointing more and more toward the day when a vaccine against infantile paralysis in human beings will be developed.

The gains in polio research were made known by Dr. Harry M. Weaver, director of research of the National Foundation for Infantile Paralysis, at a session of the fourth annual conference of women state advisers of the organization.

Weaver said that in years gone by it was "generally agreed that infantile paralysis was a mysterious disease that did not behave in accordance with fundamental laws governing all other contagious and infectious diseases."

"The results of National Foundation-supported studies have largely exploded this concept," he said. "It has been shown that monkeys can be effectively and safely vaccinated against the experimental disease and that poliovirus antibodies do develop and function like other bacterial and viral antibodies."

Once medical science finds an overall vaccine that will be effective against all types of polio in monkeys, then the next step will be the development of a human vaccine.

Weaver said that medical science has learned that "clinical poliomyelitis is not a single disease, but rather a family of diseases."

"This," he said, "has led to an effort to develop methods for determining exactly how many different viruses cause the human disease and what percentage of human cases is caused by each virus."

WELDERS—NOT BURGLARS

BAITMORE, Nov. 16.—(AP)

A Baltimore theatre with an audience torch in the office of a Baltimore theatre, the safe door wouldn't come open. They gave up in disgust and left. Their equipment behind, police reported.

Instead of a quelling torch, they left the safe door closed and found that they had found it.

No Action Taken On 'Red' Charges

CINCINNATI, Nov. 16.—(AP)

The executive council of the American Federation of Labor met last night with 12 Canadian labor leaders but took no action on reports in American labor circles that Canadian trade unions and labor council have fallen into Communist control, an alarming extent.

The 12 Canadian delegates, headed by Frank Hall of the Canadian Railway Clerks, represent 38 AFL unions in Canada.
